

Vally Log Grapple 5000

The grapples have been designed and constructed for the professional use of wood handling. The Vally Log Grapple 5000 is suitable for midsize truck loaders.

KEY BENEFITS

Built to last

Designed for hard wear and tear in demanding logging environments, ensuring a long operational lifetime.

Simplified Design

Modernised design with few moving parts, ensuring a long and reliable service life.

Best price-to-performance ratio

Guarantees a maintenance-free operation and low service costs. Best value for money.

Smooth operation

Provides consistency and smooth handling

SEGMENT

Forestry, log handling

TECHNICAL DATA	5000
Volume (m ³)	0.5
Width closed (mm), K	1040
Span open (mm), F	1985
Min diameter (mm) G	165
Width (mm), L	500
Height Open (mm), I	810
Height Closed (mm) J	670
Height jaw against jaw (mm) H	1075
Weight (kg)	225
Max. load (kg)	5000
Closing force (kN)	17
Max. working pressure (MPa)	23
