

GB1000/1500

Lifting capacity 1500 kg coming soon

GAS BOTTLE (MANUAL CLOSURE) COLUMN TAIL LIFT WITH 1000 AND 1500 KG LIFTING CAPACITY

The DEL gas bottle column tail lift is purpose-built for gas bottle handling, with 1000 kg and 1500 kg lifting capacities to suit 5T+ vehicles. Specifically engineered for the gas distribution sector, this lift combines heavy-duty performance with tailored safety features to ensure secure, efficient, and compliant operations every time.

This lift is the ideal solution for businesses transporting gas cylinders. Its robust design and integrated safety features make it perfectly suited for specialist handling where security and precision are paramount.

Quick installation:

Faster fitting means less vehicle downtime and lower installation costs. The DEL GB1000/1500's comes with pre-drilled columns and adjustable underrun bar. This flexible mounting design ensures compatibility with a range of vehicle setups, making it easier to integrate into your fleet without delay.

Low maintenance:

Designed for durability, the GB1000/1500 keeps ongoing maintenance simple and efficient. All sprocket pins are able to be greased when required. Wear pads are installed to maximise product life and minimise maintenance.

Safer operation:

Operator safety is at the core of the design. With multiple safety measures included as standard - including anti-tilt catch, auto-erect fences and hinged three-way folding ramps - the lift ensures safe and stable handling during every load.

- Gas Bottle Distribution

Product Specifications	
Platform width	2082-2515 mm (1000kg) 2413-2515 mm (1500kg)
Platform depth	950 mm
Lifting capacity	1000-1500 kg*
Bed height	900-1440 mm
Platform	Aluminium (manual closure)
Weight of complete lift	285 kg (1000kg)/375 kg (1500kg)
Max vehicle weight	26 T

*Derated options available

STANDARD FEATURES

Safety	Maintenance	Material
Platform Anti-Tilt Catch	Bolt together design allows easier service and repair	Galvanised steel lift frame
Platform Safety Catch	Greasable sprocket pins	Aluminium platform
Auto Erect Fences to side & rear	Wear pads to minimise maintenance	
Hinged 3 way Folding Ramp		

OPTIONAL FEATURES

Safety	Installation	Maintenance/Performance
Stow light indicator	Extended power cables	Battery guard
Two handed control		Solar panel kit
