Sturdy:

High strength steel makes this lift sturdy and durable. Rear under-run protection approved for the new regulation. Pins and bushings designed for extended life.

Ease of Installation:

Mounting kits for all major truck manufacturers and width-adjustable mounting brackets. Pre-routed power pack prepared for a number of controls including radio and foot control.

Low maintenance:

Corrosion protected cylinder rods with oil filled top side to extend life of cylinders. Ozone resistant thermoplastic hoses. Power pack can be equipped with water and dirt absorbing oil filter which makes the maintenance rare, quick and simple. Lift powder painted according to automotive standard.

The Z 75 is a very rugged and strong lift designed to work a life as your faithful companion. It is the ideal lift to support your busy delivery business when high availability and capacity is a must.
